\$10.00 PRESCRIPTION PROGRAM DETAILS

1. The \$10.00 program applies only to certain generic drugs at commonly prescribed 90 day usage dosages. (See list).
2. The Program may change without notification and also may vary by state. The program details are subject to change without advance notice.
3. Prices of certain drugs listed may be higher or lower in some states.
4. The Program may be limited to select manufacturers of a covered drug. Program drugs are available as long as the Pharmacy remains in stock and supplies from such manufacturers last.
5. If you are on an insurance plan you may pay less or more than the Program price, depending on the terms of your health plan (co-pay). 90 days may not be billable if you are insured by certain plans.
6. Not all formulations of a drug (for example, enteric-coated, extended or timed release formulations) are covered under the Program.
7. Prescriber permission may be required to change a 30-day prescription to a 90-day prescription.
